

**CALL FOR PAPERS**  
**SAC'07 - ACM 2007 SYMPOSIUM ON APPLIED COMPUTING**

March 11 - 15, 2007

Seoul, Korea

대한민국, 서울

Technical Track on "Programming Languages"

“프로그래밍 언어” 트랙

**<Track Chairs>**

Chang-Hyun Jo <sac2007pl AT ecs.fullerton.edu> California State University Fullerton, USA

Marjan Mernik <marjan.mernik AT uni-mb.si> University of Maribor, Slovenia

Barrett Bryant <bryant AT cis.uab.edu> University of Alabama at Birmingham, USA

**SAC '07**

Over the past 21 years, the ACM Symposium on Applied Computing has become a primary forum for applied computer scientists, computer engineers, software engineers, and application developers from around the world to interact and present their work. SAC 2007 is sponsored by the ACM Special Interest Group on Applied Computing (SIGAPP). For additional information, please check the SAC web page:

"<http://www.acm.org/conferences/sac/sac2007>". This document is also available at "<http://jo.ecs.fullerton.edu/sac/sac2007>", "<http://jo.ecs.fullerton.edu/sac/sac2007/sac2007-PL-CFP.pdf>", and "<http://jo.ecs.fullerton.edu/sac/sac2007/sac2007-PL-CFP.txt>".

**PROGRAMMING LANGUAGES (PL) TRACK**

A technical track on Programming Languages will be held at SAC'07. It will be a forum for engineers, researchers and practitioners throughout the world to share technical ideas and experiences relating to implementation and application of programming languages. Original papers and experience reports are invited in all areas of programming languages. Major topics of interest include but are not limited to the following:

Compiling Techniques, Domain-Specific Languages, Formal Semantics and Syntax, Garbage Collection, Language Design and Implementation, New Programming Language Ideas and Concepts, New Programming Paradigms, Practical Experiences with Programming Languages, Program Analysis

and

Verification, Program Generation and Transformation, Programming Languages from All Paradigms (Agent-Oriented, Aspect-Oriented, Functional, Logic, Object-Oriented, etc.), Visual Programming Languages.

**GUIDELINES FOR SUBMISSION**

Authors are invited to contribute original papers in all areas of experimental computing and application development relevant to the theme of the track. This includes the following categories of submissions:

- 1) Original and unpublished research work,
- 2) Reports of innovative applications to the arts, sciences, engineering, and business areas,
- 3) Reports of successful technology transfer to new problem domains,
- 4) Reports of industrial experience and demos of new innovative systems.

All submissions will be peer reviewed. Papers will be selected based on their originality, timeliness, significance, relevance and clarity of presentation.

Accepted papers will be published in the symposium proceedings. Expanded versions of the accepted papers will be considered for publication in a journal (which will be announced later). A set of selected papers, which did not get accepted as full papers, will be accepted as poster papers and will be published as extended 2-page abstracts in the symposium proceedings.

The following **submission guidelines** must be strictly followed:

- Use the webpage "<http://sac.cs.iupui.edu/SAC2007/SubmitAbstract.aspx?TrackID=108>" to submit your paper. The author(s) name(s) and address(es) must NOT appear in the body of the paper, and self-reference should be in the third person. This is to facilitate blind review. Only the title should be shown at the first page without the author's information.
- The manuscript file format should be PDF. The body of paper should not exceed 4,000 words (approximately 15 pages, double-spaced, 12-point size). We strongly recommend you use the final copy format shown at "<http://www.acm.org/sigs/pubs/proceed/template.html>". The total number of final pages without any extra page charge will be 5.
- An abstract (.txt format) including the title of the paper at the beginning (without having any author's information) should be also submitted.
- If you have any problem to submit your paper via web, please contact "Jeff Allen <jallen@cs.iupui.edu>".

**IMPORTANT DATES**

September 8, 2006: Paper Submissions

October 16, 2006: Author Notification

October 30, 2006: Camera-Ready Copy

March 11-15, 2007: Conference at Seoul, Korea

**The SAC 2007 Programming Language Track Program Committee Members (Tentative)**

Chang, Byeong-Mo - Sookmyung Womens University, Korea

Cleenewerck, Thomas - VUB, Belgium

Doh, Kyung-Goo - Hanyang University, Korea

Johnstone, Adrian - Royal Holloway, University of London, UK

Leung, Ho-fung - The Chinese University of Hong Kong, China

Martinez Lopez, Pablo E. - National University of La Plata, Argentina

Pareja-Flores, Crist'obal - Complutense University of Madrid, Spain

Roussel, Gilles - Universite de Marne-la-Vallee, France

Schultz, Ulrik P. - University of Southern Denmark, Denmark

Slivnik, Bostjan - University of Ljubljana, Slovenia

Sloane, Tony - Macquarie University, Australia

van Wyk, Eric - University of Minnesota, USA

Winkler, Juergen - Friedrich Schiller University, Germany
